

PrivateGPT Secure RAG Service

AI answers with citations. Inside your VPC. Audit-ready.

- On-prem or VPC-only. No third-party data egress.
- Role-aware answers with citations and source previews.
- SSO/MFA, audit logs, configurable retention.
- Pilot in days. Law • Healthcare • Financial services.

Run a 3-minute demo

Scan the QR or visit the GitHub header to try the demo, open in Codespaces, download the one-pager and vCard, or request a pilot.
